

CHAUNDA C. DALLAS, MSIT

Senior Healthcare Cybersecurity Analyst | IoMT & Medical Device Security | Clinical AI Risk

connect@chaundacdallas.com | Remote — US Based | linkedin.com/in/chaundacdallas | chaundacdallas.com

PROFESSIONAL SUMMARY

Senior Healthcare Cybersecurity Analyst bringing 28+ years of frontline clinical operations, emergency medicine, interventional radiology, hyperbarics, pediatric care, to information security work where clinical context is the differentiator. 1,180+ documented hours of paid consulting, advisory, and technical delivery since 2022. Specialist in IoMT and medical device risk, clinical AI governance, and healthcare GRC across HIPAA, HITECH, NIST CSF, HITRUST, and FDA cybersecurity guidance. Epic Super User with enterprise EHR implementation experience supporting 200+ clinicians through go-live, upgrades, and downtime readiness in a Level II Trauma environment. Featured Defender in Semperis' Midnight in the War Room, premiering at Black Hat USA, August 5, 2026. Available remote.

CORE COMPETENCIES

Clinical Workflow & EHR Integration • vCISO Advisory • Health Technology Strategy • Digital Health Security • HIPAA-Aligned Security Architecture • Ambient AI & Clinical AI Adoption • AI Red Teaming (OWASP LLM Top 10) • MITRE ATT&CK / ATLAS • IoMT Risk Management • Epic Super User & EHR Implementation • GRC & Compliance Program Design • HITRUST CSF • Federal Contracting (SAM.gov Active) • Cyber Workforce Development

PROFESSIONAL EXPERIENCE

Healthcare Cybersecurity Strategist | Chaunda C. Dallas Consulting

2022 – Present

- Sustained 1,180+ hours of paid client engagement, technical consulting, and program delivery since 2022 across concurrent contracts — vCISO advisory, architecture, specialized consultation, and cohort-based technical instruction
- Provide strategic advisory across IoMT security, healthcare GRC, medical device risk, and clinical technology strategy for health system and health tech clients
- Operate the DFR Lab, a live IoMT failure-scenario platform, Healthcare Ransomware Intelligence Tracker, and AI Red Team for Healthcare framework mapping the OWASP LLM Top 10 to HIPAA, NIST AI RMF, ISO 42001, and EU AI Act controls
- Red-team healthcare AI applications, clinical chatbots, and agentic clinical workflows under authorized, consent-based scope; translate prompt injection, PHI leakage, and excessive-agency findings into patient-safety risk
- Support federal contractors and primes as healthcare cybersecurity SME under NAICS 541512, 541519, 541611

Healthcare vCISO | MyCyberIQ

Apr 2024 – Dec 2025

- Delivered 420+ hours of paid strategic advisory (20 hrs/month over 21 months) as hired CISO transitioning to vCISO Advisor, set security strategy, human-risk and awareness programs, and compliance-informed product direction
- Advised on ransomware defense and healthcare market positioning, bringing clinical credibility and healthcare GRC expertise to a health-adjacent product

Founding Security Engineer (Contract) | Koalesce Studios / Desivity

Aug 2025 – Dec 2025

- Contributed 160+ hours of foundational engineering and architecture as a founding team member — Zero Trust model across all services and APIs, SOC 2 Type I / ISO 27001 readiness frameworks, and GDPR compliance planning
- Designed database, API, and infrastructure security controls: Supabase Row-Level Security, JWT authentication strategy, and multi-domain Cloudflare DNS/WAF/DDoS protection across 3 properties

Cybersecurity Career Coach (Contract) | Google Tech Equity Collective

Nov 2024 – Mar 2025

- Delivered 115 billable hours of specialized technical consultation over a 5-month engagement (23 hrs/month average) for professionals entering health-tech and cybersecurity pathways

SOC Analyst Apprenticeship | MiC Talent Solutions, Inc. — MiC LEAD Builders Program

Sep 2024 – Sep 2025

- Executed log analysis and alert triage in Splunk with MITRE ATT&CK mapping applied to live investigation workflows; participated in simulated ransomware response spanning detection through containment and recovery
- Graduated the MiC LEAD Builders leadership and executive-networking track; selected, based on cohort performance, to interview and evaluate candidates for the subsequent apprenticeship cohort

Customer Success Engineer — Clinical AI & EHR (Contract) | DeepScribe

Dec 2021 – Mar 2022

- Led onboarding and live training for clinicians adopting ambient AI documentation tools across multi-site practices; customized workflows within athenahealth, Kareo, and eClinicalWorks to accelerate provider adoption

Lead Clinical Coordinator | Azura Vascular Care

Apr 2016 – Oct 2021

- Directed clinical operations across Interventional Radiology and Surgical suites, orchestrating HIPAA-aligned data exchange between surgeons, payers, and referral networks under continuous operational pressure

Emergency Department Operations Lead | Piedmont Healthcare

1999 – 2016

- 17 years as Lead ER Technician and Clinical Preceptor across two Level II Trauma EDs — Eastside Medical Center, now Piedmont Eastside (1999–2013), then Piedmont Atlanta (2013–2016) — trusted with high autonomy across high-volume emergency operations
- Selected as ER Epic Super User during Piedmont Atlanta's Epic implementation (final ~2 years), supporting 200+ clinicians through go-live, upgrades, downtime readiness, and troubleshooting; developed manual workflow protocols during EHR outages to maintain uninterrupted patient care

Operations Manager & Cybersecurity Strategist | HeartLove Place

Jun 2023 – Apr 2024

- Detected and shut down a website spoofing campaign targeting nonprofit donations, preventing ~\$30K in financial fraud; implemented dark web monitoring, brand impersonation threat hunting, and SIEM monitoring

Graduate Research Assistant — Medical IoT Security | Kennesaw State University · CCSE

Jan 2020 – May 2020

- Architected security and privacy frameworks for WiFi-based fall detection and remote patient monitoring systems; conducted threat modeling for IoMT devices, embedding Privacy-by-Design into emerging medical sensor technologies

Technical Mentor — 3 Consecutive Cohorts | Women in CyberSecurity (WiCyS)

May 2024 – Present

- Delivered 285+ hours of technical mentorship (390+ projected by Nov 2026) across three consecutive cohorts (~200+ per cohort); provided resume reviews, interview coaching, and hands-on technical guidance

Cybersecurity & Technology Education Instructor (Contract) | People for Change Coalition

Summer 2022 & 2025

- Delivered 200+ combined hours of direct instruction and curriculum development across two summer contracts (120 hrs app development, 2022; 80 hrs cybersecurity, 2025) for middle and rising 9th-grade students

INDUSTRY RECOGNITION

- Featured Defender — Midnight in the War Room | Semperis Documentary | Premiering Black Hat USA, August 5, 2026
- Podcast Guest — Halcyon Last Month in Security and Security Gets Serious (Episode 006)
- Panelist — WiCyS 2026 Virtual Conference and Women in Security and Privacy (WISP): Inside Hacker Summer Camp
- Three-time DEF CON Lead Volunteer and three-time DEF CON Biohacking Village Volunteer

EDUCATION & CERTIFICATIONS

- M.S., Information Technology (Cybersecurity Concentration) — Kennesaw State University, Dec 2021
- Graduate Certificate, Healthcare Technology — Kennesaw State University
- Scheduled: Microsoft SC-900 (Security, Compliance & Identity Fundamentals) — July 23, 2026
- Google Cybersecurity Professional Certificate | Cybrary SOC Analyst I
- PhD, Healthcare Cybersecurity & Offensive Engineering — Capitol Technology University (Accepted · Strategically Deferred, Fall 2025)
